

Advance Therapy is pleased to announce our
**Winter 2012 Mini
Workshop Series**

*Please join us for any or all three of our **FREE** child focused workshops:*

Picky Eater

Presented by Occupational Therapist Jennifer Corbin

Jennifer will discuss strategies to increase your child's willingness to try a wider variety of food and make meal-time more enjoyable! Geared for parents of children from 12 months-6 years. Call for future presentations for ages 6 and up.

Tuesday, February 21st @ 7:00pm-8:00pm

Early Literacy Development

Presented by Speech Language Pathologist Jennifer Jensen

During this hour long presentation, Jennifer will introduce parents and caregivers to a variety of activities that promote pre-literacy skills for strong future readers and communicators!

Geared toward parents of children 0-7.

Tuesday, March 13th @ 7:00pm-8:00pm

Infant Motor Development: Have Fun with Your Baby!

Presented by Physical Therapist Julia Antiel

New parents can be overwhelmed by all of the do's and don'ts: tummy time, back to sleep, to swaddle or not, the use of walkers? Come and learn how to hold, position and play with your baby; making it a part of your daily routine. The benefits will be: encouraging motor, social and cognitive development; bonding with your infant; and promoting health and wellness.

Geared for newborns through beginning walkers.

Taught by a pediatric physical therapist, mother and grandma!

Tuesday, April 10th @ 7:00pm-8:00pm

*All workshops will be held at Advance Therapy in the
Rice Lake Professional Center Suite #220. Call to register: 651-784-7007*
